FINS: AM1 450 Future Systems

FINISH: Sanded or Gloss & Polish

DESCRIPTION: The B-1 Pro Series is a maximum performance shortboard. The board has performance characteristics similar overall to the HH Pro Series but has a bit more volume thru out. The B-1 has a flatter deck, fuller rail, squash tail, and is a little wider and thicker. Bottom shape is a single to double barrel concave and is best suited for smaller to mid size performance surf or a heavier surfer.

All Hammersurf surfboards are made with only the highest quality resin, fiberglass, and foam available. All boards are handmade in the Pacific Northwest USA by Cascade Performance Fiberglass, building fine surfboards since 1972. WWW.HAMMERSURF.COM (541 478-3441)
