BOTTOM: Single 4 oz.

(custom glass available on custom orders)

FIN BOXES: QUAD Future Systems

FINS: AM1 450 Front - SB350 Rear
Future Systems

FINISH: Sanded or Gloss & Polish

DESCRIPTION: The F3 Quad is new for '07. It has the basic plan shape of the F2 Fish with the addition of a state of the art quad fin set up and shallow single to double barrel concave underfoot. The F3 Quad carries more volume and is a great paddler and wave catcher and very fast down the line. The F3 Quad generates more thrust thru the turn and is less 'slashy' than the twin. The rear set of fins act to stabilize the front twin set. The Quad draws rounder turns compared to the twins' squarer turns.

All Hammersurf surfboards are made with only the highest quality resin, fiberglass, and foam available. All boards are handmade in the Pacific Northwest USA by Cascade Performance Fiberglass, building fine surfboards since 1972. WWW.HAMMERSURF.COM (541 478-3441)
