TOP: 2 x 4 oz.

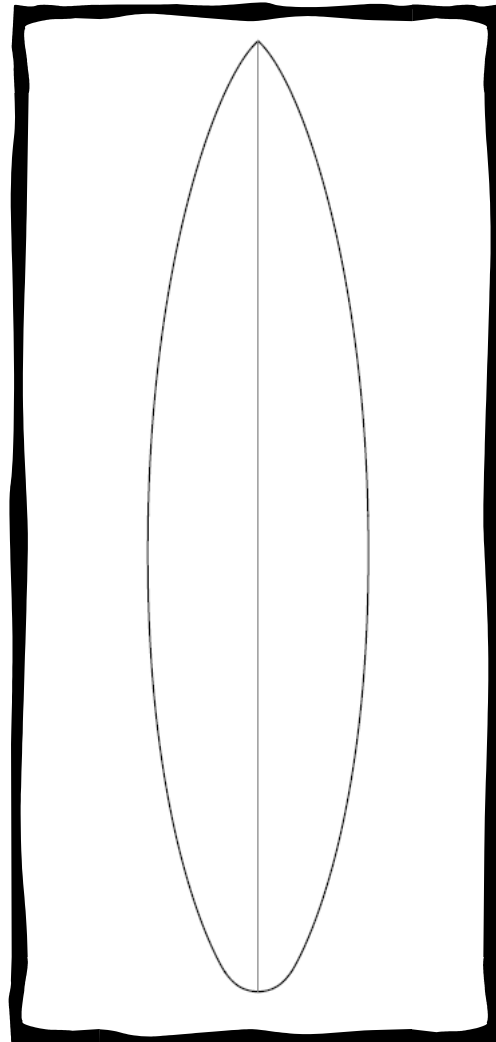

BOTTOM: Single 4 oz.

( custom glass available on custom orders)

FIN BOXES: TRI Future Systems

FINS: AM1 450 Future Systems

FINISH: Sanded or Gloss & Polish

DESCRIPTION: The HH Pro Series is a maximum performance modern shortboard. The board design is thin and narrow with a dome deck, low rail, and single concave bottom shape mid point back. The boards' plan shape incorporates a round pin tail with a sharp edge for good bite off the bottom and plenty of hold on a larger, steep wave face. The HH Pro Series is fast, very responsive and able to perform to the max when the surf is firing to the max.

All Hammersurf surfboards are made with only the highest quality resin, fiberglass, and foam available. All boards are handmade in the Pacific Northwest USA by Cascade Performance Fiberglass, building fine surfboards since 1972. [WWW.HAMMERSURF.COM](http://WWW.HAMMERSURF.COM) (541 478-3441)
